WE ARE THE LEADING MEDICAL PRACTICE IN GEORGIA THAT
SPECIALIZES IN SKILLED NURSING AND ASSISTED LIVING FACILITIES

METRO ATLANTA SKILLED NURSING FACILITY

150 BEDS WITH 15 SKILLED PATIENTS

PRE-TCPA FACILITY CHALLENGES

- Unengaged Medical Director who rounded infrequently
- No Nurse Practitioner rounding in the building
- Communication challenges, delayed responses, and lack of provider coverage, led to over 95% of patient concerns were RTH.
- PDPM, heightened priority to increase acuity/skilled census. Lack of coverage in the facility the partner was not prepared for managing a higher acuity patient base.
- No standardization for routine medications

INITIAL TCPA IMPLEMENTATIONS

- Provide Medical Director/Attending Physician/Nurse Practitioner care team to work collaboratively with facility staff
- Provide Full Time on-site dedicated NP with 24/7 call coverage
- Work with nursing staff to streamline processes

TCPA MEASURABLE DELIVERABLES

- Decreased RTH by 74% over rolling 6 months
- Increased skilled patient census by 48%
- Decreased medication rounding time by 25%
- Provided dedicated providers with deep roots in the local community
